

ATI webinar

Presentation of the Digital Economy Compliance (DEC) Tool

Developed by CIAT and Norad

9 September 2021, 15:00h (Central European Summer Time) / 08:00h (Panama Time)

OBJECTIVES

On behalf of ATI Consultative Group 1, the ATI Secretariat cordially invites you to participate in the upcoming presentation of the Digital Economy Compliance (DEC) Tool. Designed by the Inter-American Center of Tax Administration (CIAT) and the Norwegian Agency for Development Cooperation (Norad), the DEC Tool was developed to facilitate the taxation of companies operating in the digital space. It harnesses the potential of indirect taxation of digital transactions as a source for additional revenues in times of crisis, and offers a simplified voluntary mechanism for registration, declaration, payment and communication of companies operating without physical presence. The presentation will be accompanied by inputs on the potential of indirect taxes in the digital economy for partner countries and a discussion on international guidelines in this area.

PROGRAMME (CEST)

-  **15:00 - 15:15** **Welcome and introductory remarks**
