### Work stream 2: Monitoring Framework for ATI Commitment 4

Task area	Description	Comments
Reporting	Monitoring the progress made by ATI members on ATI Commitment 4 in light of the performance indicators defined under the monitoring framework.	For this purpose, relevant data should be collected together with the dissemination of monitoring survey questionnaire.

**Work stream 3: Innovating, sharing, and learning**

Task area	Description	Comments
Publications	Generate and disseminate topical research and evidence	Illustrative outputs/deliverables: <ul style="list-style-type: none"> <li>○ Survey of government practices/approaches to interacting with accountability stakeholders</li> <li>○ Case studies of best practices from partner countries on engaging accountability stakeholders</li> </ul>
Events	Convene webinars, coffee breaks, and other events	Illustrative webinar topics: <ul style="list-style-type: none"> <li>○ Exploring ways of collaboration between and among state and non-state accountability stakeholders</li> <li>○ Discussion on the role of parliamentarians as actors and enablers of accountability in tax and revenue matters</li> <li>○ Peer exchange on the experience of supreme audit institutions (SAIs) as key accountability actors in tax and revenue matters</li> <li>○ Profiling different types of accountability stakeholders and the strategies they (can) use to influence this space</li> </ul>

# Tax systems that work for people and advance the Sustainable Development

---

## Tools

Generate and/or popularise analytic tools and diagnostics

Illustrative outputs/deliverables:

- Pocket guide on tax expenditures for members of parliament (with international and regional perspectives)
- Translation & dissemination of guide on how to audit tax expenditures from Brazilian Supreme Audit Institution TCU
- A systematic survey tool to assess the degree of “space” for accountability stakeholders to engage in tax and revenue
- Stocktaking of current government practices around consultation on tax and the degree to which existing practices are inclusive.

## Cross-cutting elements

Widening the community of practice as well as identifying and capitalising on synergies across all ATI Consultative Groups were identified as cross-cutting elements overlapping with all workstreams. In this context, ATI Consultative Group 4 aims to:

- Prioritise outreach to and inclusion of new and underrepresented partners;
- Mainstream and include accountability stakeholders' perspectives in ATI webinars organised by other consultative groups and other fora (to be discussed among co-coordinators);
- Sensitise and attract greater participation in ATI Commitment 4 activities from among the ATI membership, in particular focusing on attracting greater participation and engagement from partner countries;
- Compile or develop guidance on strategies for accountability stakeholders to engage on tax equity and tax administration issues (ATI Commitment 1);
- Incorporate reporting on direct/indirect DRM cooperation with accountability stakeholders into ATI Commitment 2 monitoring framework;
- Include a section on accountability stakeholders in the ATI Matchmaking forms (ATI Commitment 2);
- Compile or develop guidance on tax expenditure monitoring/advocacy for accountability stakeholders (ATI Commitment 3);
- Plan joint webinars/events with cross-cutting appeal (all ATI commitments).
