

# ATI Webinar on diagnostic tools

02 JUNE 2021 | 14:00H – 15:00H (CENTRAL EUROPEAN SUMMER TIME) | ENGLISH

The ATI Consultative Group 2 is delighted to invite you to join the presentation of NORAD’s study “Reform of Tax Administration and Systems: A Mapping of Current Analytical Tools and Frameworks.”

Efforts to enhance domestic revenue mobilisation (DRM) have encouraged ATI members, international organisations and development partners to develop a wide-ranging of assessment tools and diagnostic frameworks to assess and support tax administrations and tax system reforms. Whereas performance measurement is a critical component of DRM, coordinating the development of tools and frameworks is also important to avoid duplications and increased compliance burden for revenue administrations in partner countries.

Against this background, the Norwegian Agency for Development and Cooperation (NORAD) took the initiative to develop a [systematic mapping of tools and frameworks](#) to support DRM technical assistance in developing countries.

The objectives of the webinar are to:

- Take stock one year after the NORAD study was published
- Identify existing challenges
- Discuss how the ATI (CG 2) can overcome these challenges

## PROGRAMME

 <p>14:00 – 14:05</p>	<p>Welcome and introduction <i>Desma Natome (NORAD)</i></p>
 <p>14:05 – 14:20</p>	<p>Presentation of NORAD’s study <b>Frode Lindseth</b> (<i>author of the study</i>)</p>
 <p>14:20 – 14:30</p>	<p>Reflections on the study <b>Sanjeev Gupta</b> (<i>Center for Global Development</i>)</p>
