# ATI East Africa Workshops on Tax Expenditures: Next steps

- **Remote support** to ATI partner countries by GTED experts (CEP & IDOS);
- In cooperation with ATI Consultative Group 4: development of a **Pocket-guide on TE for parliamentarians**;
- **ATI Matchmaking Platform**: to align the demand for technical and financial support from ATI partner countries with available expertise and resources from ATI development partners and organisations.

# ATI ongoing / upcoming products

- **Tax gap**
  - Technical session at recent 2023 ATI General Assembly
  - “Plug-in” toolkit for tax gap estimation in partnership with UNU-WIDER
  - Upcoming 2024 follow-up workshop in Tanzania in partnership with IMF / UNU-WIDER / WB
- **Equitable taxation**
  - Recent virtual Workshop series “Policy design for Property Taxation in partner countries” in partnership with the Local Government Revenue Initiative (LoGRI)
  - Tailored advisory and consultancy services by LoGRI for ATI partner countries
  - Product on wealth taxation: case study compilation (*potentially 2024*)
- **Beneficiary ownership**
  - Training on legal and beneficial ownership, with tools and best practices from partner countries tackling avoidance schemes and manipulation of asset ownership.
- **Environmental taxation**
  - Webinar/workshop series on carbon pricing, CBAM, fossil fuel subsidies, and environmental taxation issues such as deforestation, waste management, plastic use planned (*potentially 2024*)

# The ATI Matchmaking Platform

Exclusive online platform to support **DRM collaboration between ATI members**

Development partners can offer **available expertise**

Partner countries can post **requests for support**

**Forms of support can vary** (financial, technical, etc.)

For more information, do not hesitate to  
contact the **ATI Secretariat:**
